„We respect every person, regardless of their origin, religion, or social status, as a unique and unmistakable creation of God. We honor their dignity and support their autonomy.“

Johann Hinrich Wichern

Hello

Sometimes life presents us with challenges that we can't face alone. In those moments, it's comforting to know that help is available. Through our wide range of counseling and support services, we offer a safe space to let go of worries, talk about fears, and find the courage to embrace new hope. Whether it's practical help or long-term guidance – together, we'll find the path that's right for you.

Our community programs also bring people together – at the neighborhood café, over breakfast, or at the local meeting point just around the corner. No registration, no barriers – just a warm welcome.

Yours,
Diakonisches Werk Pfalz

Help for women and children

Every woman has the right to live free from violence – and every child has the right to protection. Violence affects women in different ways – and sometimes children are impacted too. We support you in protecting yourself, finding new stability, and taking steps toward a self-determined life.

With or without children – you are welcome at our intervention centers. We listen, offer confidential counseling, and stand by your side. Together with child protection services, we also provide specialized support for affected children.

Assistance for Refugees

Diakonie RLP

We raise our voice where decisions are made. The association of the three Diaconal Works in Rhineland-Palatinate advocates for the concerns of people in need of help to be heard in politics and society. At the same time, it improves the collaboration of diaconal organizations to ensure that assistance is well-networked and reaches people effectively.

Our Strong Voice.

Diakonie Pfalz

Our offer for everyone.

No matter where you come from, what you believe in, or what your life looks like: You are welcome here! The services of the Diaconal Work of Palatinate are available to all people – free of charge, without prejudice, but with great respect. Because every person deserves support. Just like that.

Engage. Support. Help Together.

Our counseling services provide people in difficult life situations with stability and new perspectives. To keep this possible, we need additional support beyond the funds from church taxes. Whether as a volunteer, in a voluntary service, or with a donation – engagement can change lives. Every contribution counts.
